

Centre Agreement: ABC Music & Me

The most unique and beneficial component of the ABC Music & Me program is the Home Kit. This allows the learning to continue at home and connects the parent to what her child is learning in class. The parent is the best teacher for a child and they will enjoy the opportunity to guide the child through the lessons and activities that are supplied in the ABC Music & Me Home Kit.

Home Kits are required for each child enrolled in ABC Music & Me. You are required to purchase one for each child from your ABC Music & Me representative. No reproductions or substitutions are permitted. Resale of the Home Kits is prohibited.

Home Kits are available for each monthly unit of ABC Music & Me. They include a Family Guide and Home CD. An age appropriate instrument is included every other month.

I agree to the terms of this agreement and will supply each child enrolled in ABC Music & Me with the appropriate Home Kit.
